

# “REFUGE”

...a place of safety and security;  
...a place of shelter in time of trouble.

*Sadly, many children need and long for such a place.*

The Alabama FWB Children’s Home  
and its dedicated staff strive to be a refuge  
for children who come their way.

Will you help us continue providing a  
place where precious children, no matter  
the storm, can feel safe and secure?
